490 Series

TO ALL DEALERS:

A new Numerical Parts Price List Supplement, No. 464, is now off the press, and shipment of this book to Zones and other Distributors will be made immediately.

The new Price Supplement 464 supersedes Supplement 463, which should now be discarded. The prices in this new supplement 464 also supersede those in the 480 Series Preliminary Non-Interchangeable Parts Price List, published February 15, 1946, which may also be discarded. Prices shown in the new book are up-to-date as of December 15, 1948, and the book includes all information contained in Parts Price Revision Sheets numbered 48-33 or below.

Therefore, all Price Revision Sheets issued prior to December, 1948, should now be destroyed, as they are superseded and replaced by the new Supplement 464. Corrections, revisions and additions to 464 will be given to you in future Price Revision Sheets in the 49 series.

Shipment of the new books will be made from the Factory to all Zones and Other Distributors, who will in turn distribute them to Dealers and Service Station Agreement Holders. Extra copies, if you require them, may be obtained from your Distributor.

TO ALL DEALERS:

A new Dealer Net Price List has been published for distribution to Dealers and Service Station Agreement Holders.

This net price list, printed on yellow paper, shows list and Dealer net prices on approximately five hundred service replacement parts which are in the special net price group. It is designed to be used in conjunction with the new Numerical Price Supplement 464, in which the special net items are designated by means of an asterisk.

Prices shown are effective as of December 15, 1948. In order to keep the list up-to-date, we suggest that proper notations be made of price changes and other revisions as you receive them.

The Net Price List does not include HA, SP or HS items, these are covered in the Accessory Price List recently published.

Copies of the Dealer Net Price list will be mailed at once from the Factory to all Dealers and Service Station Agreement Holders.

NEW REAR  
VIEW  
MIRROR  
SUPPORT

TO ALL DEALERS:

To provide added stability for the rear view mirror, a new Rear View Mirror Bracket and Bracket Cover has been incorporated in production as of April 26, 1949.

The new Bracket and Cover will enable you to provide your customers with the necessary parts to insure a vibration proof mirror mounting. This makes a very stable and vibration proof mounting when the larger and heavier Glare Proof and Oval Mirrors are installed as accessories.

Part numbers for new Bracket and Cover are as follows:

<u>Part No.</u>	<u>Name</u>	<u>Price</u>
BO 216772	Support-Rear View Mirror Bracket	\$ .25
BO 216773	Cover-Rear View Mirror Support Bracket	.10

The 490 Series cars are now using a new Escutcheon, which supersedes Part 301014 Mounting Bezel formerly used between the Switch Mounting Nuts and the Instrument panel Switch Mounting Ornaments. The new Escutcheons are for the Fog Light, Vacuum Drive, Hudson Drive Master, Windshield Wiper, Lighting and Top Lift Controls.

Part numbers released and prices are as follows:

<u>Part No.</u>	<u>Name</u>	<u>Price</u>
BO 216720	Escutcheon - W/Shield Wiper Control	"Wiper" \$ .50
BO 216721	Escutcheon - Fog Lamp Switch	"Fog" .50
BO 302441	Escutcheon - Lighting Switch	"Lights" .50
BZ 302442	Escutcheon - VD-Inst Panel Switch	"Vac Drive" .50
BO 302443	Escutcheon - HDM-Inst Panel Switch	"Dr Master" .50
BO 302444	Escutcheon -Top Control Valve Operating Rod	"Top Lift" .50

These Escutcheons provide you with a means of supplying customer requirements for identifying the various instrument panel controls for all 480 and 490 Series cars not so originally equipped.

To preclude the possibility of the incorrect type lubricant being installed in the rear axles of 480 and 490 Series cars subsequent to replacement of either Part 300280 or 300281 Carrier and Gear Sets and 300282 or 300283 Gear and Pinion Sets, the Parts Department will add to each order for 300280 or 300281, 300282 or 300283 one two quart can of Hypoid Lubricant. The quantity is sufficient to provide a refill for the rear axle.

The part number and list price released is as follows:

<u>Part No.</u>	<u>Name</u>	<u>List Price</u>
C 302710	Hypoid Gear Lubricant - 2 quart can	\$ .50

A supply of this part should be maintained in every Parts Department to take care of the initial refill after effecting repairs to the rear axle to provide for proper break in of any new parts.

HANDY SHIFT  
CONNECTORS  
CHANGED

TO ALL DEALERS:

All 490 series cars, less HDM, beginning with car 491-78419 excluding car numbers 78944-79120 inclusive, use a new Handy Shift Control Tube and Lever Assembly with a new control tube lever to bellcrank rod.

The change eliminates vibration and noise that reached the shifting lever through the bell joint formerly used. Attachment is through a pin and rubber bushing fitting into the eye on the new control tube lever to bellcrank rod.

The previous parts and assemblies remain in use on all cars, with HDM equipment. New parts and their prices follow:

<u>Part No.</u>	<u>Name</u>	<u>List Price</u>
C 302504	Tube and fulcrum brkt assy - painted	\$ 8.50
C 302505	Tube and fulcrum brkt assy-plate	8.50

BT 302702	Bushing-tube to bellcrank rod	.10
BT 71010	Washer - tube to bellcrank rod bushing	.03
C 302537	Control lever tube and rod assy - painted	12.75
C 302538	Control lever tube and rod assy - plated	12.75

Recent changes in the rear compartment door inner panels, whereby a relocation of the hinges was accomplished, provides clearance between the hinges and the rear compartment door opening weatherstrip.

These changes necessitated new rear compartment door assemblies, the part numbers and prices of which appear below.

Variations in the water pump outlet castings of the water pump sometimes cause difficulty in using the F 170940 hose clamp, specified for use on the pump end of the water outlet hose. Therefore, a new clamp, with a slightly larger diameter for use at this point to facilitate assembly, is being specified for service use.

The part number follows.

<u>Part No.</u>	<u>Name</u>	<u>List Price</u>
F 171319	Clamp-water pump outlet hose-pump end	.15

To insure all parts needed being available when required by the Dealer Service Departments, new kits are ready for shipment that provide for reworking of both the Brake Master Cylinder and the Wheel Cylinders.

The part numbers of the kits follow.

<u>Part No.</u>	<u>Name</u>
F 302522	Kit-Master cylinder repair parts (1 req'd)
F 302523	Kit-Front wheel cylinder repair parts (2 req'd)
F 302524	Kit-Rear wheel c'yylinder repair parts (2 req'd)

TO ALL DEALERS:

The now Numerical Parts Price List Supplement #465 is now being shipped to Zones and other Distributors.

The new Price Supplement #465 supersedes Supplement #464 which should be discarded. Prices shown in the book are as of September 1, 1949 and include all information contained in Price Revision Sheets up to and including 49-17. Changes in Price Revision Sheet 49-18, which you have received, should be incorporated. Subsequent Price Revision Sheets will advise any further changes.

The Dealer Net Prices formerly supplied in a separate pamphlet are included in Supplement #465 in a special section at the back of the book. Should you for one reason or another supply copies of Supplement #465 to individuals or concerns other than Dealers or Service Station Agreement Holders, removal of the Dealer Net Price section is recommended.

Your copy of Supplement #465 will be supplied by your Zone or Distributor. Extra copies, if they are required, may be obtained from your Zone or Distributor.
